

2017-18 WA State Junior Olympic Air Pistol Championship

We had 12 Juniors compete in the 2017-18 WA State Junior Olympic Air Pistol Championship with juniors from Graham Jr Shooting Club and Vancouver Rifle and Pistol Club. We had 6 Women juniors compete in the women Air Pistol event this year over the 5 women juniors we had last year. Having 6 women competitors, we met the USA Shooting requirement to have 6 or more competitors to have USA Shooting recognize the match winner as our State Champion. Last year, due to only having 5 women compete, USA Shooting did not recognize a State Champion. The men's Air Pistol event was down 1 competitor from last year giving us a total of 7 competitors for the men event. Women only had to shot 40 shots where the men had to shoot 60. Next year, ISSF and USA Shooting have updated their rules making both women and men events to compete the same number of shots now, so both will need to shoot 60 shots in the Air Pistol event. Here are the results.
