GENERAL NOTES:

- The protest period will end 30 minutes after the day's results are posted. Match results will be compiled shortly after the match and available for review.
- Scorer may coach competitor on to target during unlimited sighters only - rule 9.2(b).
- For the safety of the pit crew or electronic targets, a competitor who fails to get on target in FIVE SHOTS may be directed to stop firing. For purposes of this rule, an oblong hole from a ricochet or destabilized bullet does NOT count as a hit. At 900 and 1000yds you may have only 2 sighter shots, so do your homework and make sure you have ammunition that will be competitive. It must be supersonic at the e-targets for the targets to function.
- Match bulletins are emailed.
- These matches are subject to rescheduling or cancellation due to imminent threat of forest fire or heavy smoke from nearby fires. The course of fire is subject to change by the jury, if conditions warrant.
- Only individuals who pre-register will be sent email updates in the event of match rescheduling or cancellation.
- The regional will require 130+ rounds and the team match will require an additional 75+ rounds. Plan accordingly and bring extra.
- Saturday evening is the catered dinner and shooters must be present to be eligible for any prizes.
- No lunch service is available at the range, so plan accordingly. Camping at the range is terrific and permitted while attending this event, however, water and sanitary facilities are limited. For a list of motels do a *Google* search for Missoula area motels and select one on Reserve Street as it will offer easier access to the range (Reserve St. and I-90 is ~30 mins to the target pits).
